Sommarioriassunto

The world of sports seems entwined with lawsuits. This is so, because of two characteristics: sporting contests lose their drama if the competition becomes too lopsided, and the winning athletes and teams usually take the lion's share of attention.

Nota di contenuto	1. Introduction -- 2. Bringing Marketing into Heritage Conservation Services -- 3. Characteristics of Heritage Conservation Services -- 4. Customers, Employees and Communication -- 5. Processes and Scenarios -- 6. Summary: Commercial Versus Social Marketing of Heritage Conservation Services.
Sommario/riassunto	Providing an overview of the marketing principles and tools that pertain to the area of heritage conservation services, this book combines research and practice to offer an alternative to the classical transactional marketing approach. Instead, the author argues for the relationship marketing approach, promoted and adopted by the Nordic School of Service Marketing. Offering a startlingly rare, but logical and

practical marketing approach, this book also provides food for thought for academics dealing with managerial and marketing aspects in the field of cultural heritage and cultural heritage services.
