Nota di contenuto	CONTENTS; Editorial Foreword; Preface; Acknowledgments; Introduction: Is There a Connection between Democracy and Peace?; PART ONE: Divisions in Society and Obstacles to Democratic Discourse; PART TWO: Public Participation in Political and Economic Processes; PART THREE: Democracy and Routes to Peace; Bibliography; About the Contributors; Index
Sommario/riassunto	This book, based on the premise that democracy promotes peace and justice, explores theoretical and practical problems that can arise or that have arisen in democratic polities. Contributors address, with clarifying analyses, such theoretical issues as the relationship between recursivist metaphysics and democracy, the relationship between the economic and political orders, and the nature of justice. Contributors offer, as well, enlightening resolutions of practical problems resulting from a history of social, political or economic injustice.
