Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction -- Individualization -- Conceptualizing online risk -- What is online risk? -- Making risky decisions -- Regulation as legitimate protection -- From authority to advisory -- The NGO : friend or foe? -- Who coaches the watchmen? -- Which rights? -- Citizen or consumer? -- Child pornography is great! -- Good luck!.
Sommario/riassunto	A theoretically informed, yet empirically grounded study of the relationship between core democratic values and the duty to protect young people in the media-sphere, Children in the Online World offers insights into the contemporary regulation of online risk for children (including teens), examining the questions of whether such regulation is legitimate and whether it does in fact result in the sacrifice of certain fundamental human rights.
