

1.	Record Nr.	UNISALENTO991001794649707536
	Autore	Appella, Giuseppe
	Titolo	Gli anni del futurismo in Puglia, 1909-1944 : verso le avanguardie / a cura di Giuseppe Appella
	Pubbl/distr/stampa	Bari : M. Adda, [1998]
	ISBN	8880823035
	Descrizione fisica	xi, 470 p. : in gran parte ill. ; 28 cm.
	Soggetti	Futurismo - Puglia - Esposizioni
	Lingua di pubblicazione	Italiano
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Catalogo della Mostra tenuta a Bari e a Taranto nel 1998.
2.	Record Nr.	UNINA9910145738003321
	Titolo	Resynchronization and defibrillation for heart failure [[electronic resource]] : a practical approach / / editors, David L. Hayes ... [et al.]
	Pubbl/distr/stampa	Oxford, UK, : Blackwell/Futura, c2004
	ISBN	1-281-32113-3 9786611321130 0-470-75772-8 0-470-75771-X
	Descrizione fisica	1 online resource (242 p.)
	Altri autori (Persone)	HayesDavid L
	Disciplina	616.1/2906
	Soggetti	Heart failure - Treatment Cardiac pacing Electric countershock Arrhythmia - Treatment
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Description based upon print version of record.

Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Resynchronization and Defibrillation for Heart Failure: A Practical Approach; TABLE OF CONTENTS; Introduction; 1. What Is Heart Failure and What Are the Treatment Options? Complex Questions; 2. Cardiac Resynchronization Therapy; 3. Electrocardiogram Interpretation With Biventricular Pacing Devices; 4. Biventricular Device Implantation; 5. Optimization of Biventricular Devices; 6. What Echocardiography May Offer Cardiac Resynchronization Therapy; 7. Implantable Defibrillators and Combined ICD-Resynchronization Therapy in Patients With Heart Failure; 8. Future of Cardiac Resynchronization
Sommario/riassunto	Resynchronization and Defibrillation for Heart Failure: A Practical Approach is one of the first texts to provide caregivers with information about the background and application of this new and rapidly expanding discipline. Its four authors are cardiologists who have expertise in device management, electrophysiology, and heart failure management. The text integrates the approach and management experience of the authors' three institutions. The aim is to bring together information from subspecialists in device management, electrophysiology, and heart failure management in an effort to f
