within : subgroup and intragroup differences among Latino Americans -- Major needs and problems of Latino American groups -- Social work practice : general considerations for interventions with Latino Americans -- Social work intervention at micro, mezzo and macrolevels : principles and approaches -- Assessment-Related practice principles and approaches -- Intervention-related practice principles and approaches -- Understanding and working with African Americans -- African Americans : who are they? -- A historical overview of African Americans : commonality of experiences -- Common characteristics : commonality of cultures and worldviews -- Diversity within : subgroup and intragroup differences among African American -- Major needs and problems of African Americans groups -- Social work practice : general considerations for intervention with African Americans -- Social work intervention at micro, mezzo and macrolevels : principles and approaches -- Assessment-related practice principles and approaches -- Intervention-related practice principles and approaches -- Understanding and working with Asian Americans -- Asian Americans : who are they? -- A historical overview of Asian Americans : commonality of experiences -- Common characteristics : commonality of cultures and worldviews -- Diversity within : subgroup and intragroup differences among Asian Americans -- Major needs and problems of Asian American groups -- Social work practice : general considerations for intervention with Asian Americans -- Social work intervention at micro, mezzo, and macrolevels : principles and approaches -- Assessment-related practice principles and approaches -- Intervention-related practice principles and approaches -- Understanding and working with Native Americans -- Native Americans: who are they? -- A historical overview of Native Americans : commonality of experiences -- Common characteristics : commonality of cultures and worldviews -- Diversity within : subgroup and intragroup differences among Native Americans -- Major needs and problems of Native American groups -- Social work practice : general considerations for intervention with Native Americans -- Social work intervention at micro, mezzo and macrolevels : principles and approaches -- Assessment-related practice principles and approaches -- Intervention-related practices and approaches -- Understanding and working with Bi-Racial/Mixed Race Americans -- Bi-Racial/Mixed Race Americans : who are they? -- A historical overview of Bi-racial/Mixed Race Americans : commonality of experiences -- Common characteristics : commonality of worldviews -- Diversity within : subgroup and intragroup differences among Bi-Racial/Mixed Race Americans -- Major Needs and problems of Bi-Racial/Mixed Race American groups -- Social work practice : general considerations for intervention with Bi-Racial/Mixed Race Americans -- Social work intervention at Micro, Mezzo, and Macrolevels : Principles and approaches -- Assessment-related principles and approaches -- Intervention-related practice principles and approaches.

---

## Sommario/riassunto

Presenting an approach to competent social work practice which takes into account the growing multiculturalism of society, this text discusses the need for social workers to be aware of, and appreciate both their own culture and that of others.

Sommario/riassunto	Recent events have once again focused international attention on the volatile politics of the Gulf region. This new book, by three former British ambassadors – all with long service in the region – demonstrates the importance of the Gulf for Britain from the days of Elizabeth I to the present. It tells the story, through the life and works of the British diplomats and consuls and the missions in which they worked, of Britain's involvement, first for trade and later for strategic purposes, in the four key regional states of Iran, Iraq, Kuwait and Oman. With wit and insight, the book traces the origins of today's problems from the Ottoman and Persian empires to the 1991 Gulf War and its aftermath. Those who know the region will find this a refreshing new slant on an old story, while those new to the subject will enjoy the mixture of politics and personalities ably described and analysed.

Sommario/riassunto	<p>The importance of copepods in aquaculture has long been recognized, especially in the larval rearing of many marine fishes. This timely publication provides a single source of information on copepod biology, culture methods and practical use in marine finfish hatcheries. Originating out of a workshop held on copepods by the Oceanic Institute in Hawaii, this proceedings includes review articles and papers presented by leading international experts in copepod biology and aquaculture. It is a seminal work that integrates the most up-to-date information on selecting copepod species,</p>
