

1. Record Nr.	UNISALENTO991001884439707536
Titolo	Handbook of numerical analysis [e-book] / general editors, P.G. Ciarlet, J.L. Lions
Pubbl/distr/stampa	Amsterdam ; New York : North-Holland New York : Distributors for the United States and Canada, Elsevier Science Pub. Co. Inc., 1989- Amsterdam ; New York : North-HollandElsevier Science B.V. North-Holland is an imprint of Elsevier
ISBN	9780444703668 (v. 1) 9780444703651 (v. 2) 9780444899286 (v. 3) 9780444817945 (v. 4) 9780444822789 (v. 5) 9780444825698 (v. 6) 9780444503503 (v. 7) 9780444509062 (v. 8) 9780444512246 (v. 9) 9780444512482 (v. 10) 9780444512475 (v. 11) 9780444515667 (v.12) 9780444513755 (v.13) 9780444518934 (v. 14) 9780444518798 (v. 15) 9780444530479 (v. 16)
Descrizione fisica	v. : ill. (some col.) ; 25 cm
Classificazione	AMS 65-01 LC QA297.H287
Altri autori (Persone)	Ciarlet, Philippe G. Lions, Jacques-Louis <1928-2001>
Disciplina	519.4
Soggetti	Numerical analysis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Vols. 10-16: general editor, P.G. Ciarlet Vols. 8-13: 1st ed.

Nota di contenuto

- v. 1: Finite difference methods, pt. 1 ; Solutions of equations in R_n , pt. 1
- v. 2: Finite element methods, pt. 1
- v. 3: Techniques of scientific computing, pt.1 ; Numerical methods for solids, pt.1 ; Solution of equations in R_n , pt. 2
- v. 4: Finite element methods, pt.2 ; Numerical methods for solids, pt.2
- v. 5: Techniques of scientific computing, pt. 2
- v. 6: Numerical methods for solids, pt.3 ; Numerical methods for fluids, pt.1
- v. 7: Solution of equations in R_n , pt. 3 ; Techniques of scientific computing, pt. 3
- v. 8: Solution of equations in R_n , pt. 4 ; Techniques of scientific computing, pt. 4 ; Numerical methods for fluids, pt. 2
- v. 9: Numerical methods for fluids, pt. 3
- v. 10: Computational chemistry
- v. 11: Foundations of computational mathematics
- v. 12: Special vol. : computational models for the human body
- v. 13: Special vol. : numerical methods in electromagnetics
- v. 14: Special vol. : computational methods for the atmosphere and the oceans
- v. 15: Special vol. : mathematical modeling and numerical methods in finance
- v. 16: Special volume for non-Newtonian fluids
