Nota di contenuto	<p>1. Introduction: the challenges of collaboration in environmental governance / Richard D. Margerum and Cathy J Robinson -- Part I theory and context -- 2. Theoretical perspectives on the challenges of collaboration / Richard D. Margerum -- 3. Back to the future? collaborative environmental governance theory and practice / Tomas M. Koontz -- 4. The other side of managing in networks / Robert Agranoff -- 5. Vitality in interactive governance: conditions and challenges / Jurian Edelenbos and Ingmar van Meerkerk -- Part II problems and context -- 6. Where has all the salinity gone? the challenges of using science to inform local collaborative efforts to respond to large-scale environmental change / Mat Gilfedder, Cathy J Robinson and Mike Grundy -- 7. Collaborative governance -- does it work for climate change adaptation? insights from the Dutch Delta program / Arwin van Buuren and Jitske Van Popering -- 8. Collaboration challenges in addressing natural resource management problems: Australian regional case studies / Helen Ross, Jennifer Bellamy and Brian Head -- Part III policy, politics and power -- 9. When voluntary is prescribed but mandated is necessary: the challenges of compulsory collaboration on complex public issues / Julia M. Wondolleck and Susan D. Lurie -- 10. Politicians and collaborative governance: the new logic of support / Edward P. Weber -- 11. The role of power in collaborative governance / Jill M. Purdy -- Part IV organizations, stakeholders and governance -- 12. Collaboration across boundaries in the Indian forest service / Daniel H. Nelson, Rosemary O'leary, Larry D. Schroeder, Misty Grayer, Nidhi Vij -- 13. Towards a joint maintenance approach for floodplain management in the Netherlands: tensions and possibilities / Jeroen F. Warner, Jan M. Fliervoet and Antoine J.m. Smits -- Part V process and participation -- 14. From the table to the street: strategies for building a more inclusive collaborative process / Jane Rongerude and Gerardo Sandoval -- 15. The challenge of transformative learning: mining practice stories to study collaboration and dispute resolution strategies / John Forester -- 16. Hunting for country and culture: the challenges surrounding indigenous collaborative partnerships on the coast of northern Australia / Cathy J. Robinson -- Part VI: Conclusions -- 17. The challenges of collaborative governance: towards a new research agenda / Richard D. Margerum, Cathy J. Robinson and Ken Genskow -- Index.</p>
Sommario/riassunto	<p>Collaborative approaches to governance are being used to address some of the most difficult environmental issues across the world, but there is limited focus on the challenges of practice. Leading scholars from the United States, Europe and Australia explore the theory and practice in a range of contexts, highlighting the lessons from practice, the potential limitations of collaboration and the potential strategies for addressing these challenges.</p>
