

1. Record Nr.	UNINA9910493705803321
Autore	Moulik Tania
Titolo	Applied data visualization with R and ggplot2 : Create useful, elaborate, and visually appealing plots // Dr. Tania Moulik
Pubbl/distr/stampa	Birmingham, UK : , : Packt Publishing Ltd., , 2018
ISBN	1-78961-767-7
Edizione	[1st edition]
Descrizione fisica	1 online resource (1 volume) : illustrations
Soggetti	Information visualization Visual analytics R (Computer program language) Charts, diagrams, etc - Computer programs Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Develop informative and aesthetic visualizations that enable effective data analysis in less time Key Features Discover structure of ggplot2, grammar of graphics, and geometric objects Study how to design and implement visualization from scratch Explore the advantages of using advanced plots Book Description Applied Data Visualization with R and ggplot2 introduces you to the world of data visualization by taking you through the basic features of ggplot2. To start with, you'll learn how to set up the R environment, followed by getting insights into the grammar of graphics and geometric objects before you explore the plotting techniques. You'll discover what layers, scales, coordinates, and themes are, and study how you can use them to transform your data into aesthetical graphs. Once you've grasped the basics, you'll move on to studying simple plots such as histograms and advanced plots such as superimposing and density plots. You'll also get to grips with plotting trends, correlations, and statistical summaries. By the end of this book, you'll have created data visualizations that will impress your clients. What you will learn Set up the R environment, RStudio, and understand structure of ggplot2 Distinguish variables and use best

practices to visualize them Change visualization defaults to reveal more information about data Implement the grammar of graphics in ggplot2 such as scales and faceting Build complex and aesthetic visualizations with ggplot2 analysis methods Logically and systematically explore complex relationships Compare variables in a single visual, with advanced plotting methods Who this book is for Applied Data Visualization with R and ggplot2 is for you if you are a professional working with data and R. This book is also for students who want to enhance their data analysis skills by adding informative and professional visualizations. It is assumed that you know basics of the R language and its commands and objects.

2. Record Nr.	UNISALENTO991002305109707536
Autore	Societe des nations
Titolo	Première conférence internationale d'etudés sur l'état et la vie économique : specialement au point de vue des relations économiques et politiques internationales / Société des Nations
Pubbl/distr/stampa	Paris : Institut international de coopération intellectuelle, 1932
Descrizione fisica	210 p. ; 24 cm
Altri autori (Convegni)	Conférence internationale d'etudes sur l'état et la vie economique <1. ; 1932 ; Milano>
Disciplina	337.094
Soggetti	Economia internazionale - Congressi
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Conférence tenue a Milan les 23-27 mai 1932 et organisée par l'Institut international de coopération intellectuelle en collaboration avec la Commission nationale italienne de cooperation intellectuelle
