| Sommario/riassunto      | A Harmony Ink Press Young Adult TitleEight years ago, Luke Retter witnessed the brutal murder of his mother and sister at the hands of his demon-possessed father. He survived but lost a hand and an eye. |

The demon also burned its emblem into his skin, marking him as a cursed. Those who bear this mark are at risk of becoming possessed themselves, so they are monitored and enslaved by the state-run UCIS. Working as a slave is hard, but Luke prefers it to the possibility of being controlled by the demon. One night, Luke wakes to find his worst nightmare coming true. His father's demon has returned. In a panic, he runs to the only person who might be able to help: Zack, a cursed who ran away from the state and created an underground community to protect other fugitive cursed. Zack helps him suppress the demon. But the city's become a time bomb, and Luke's demon itches to escape. With the UCIS closing in on Zack's underground operation and Luke's demon crafting its own, nefarious plot, Luke realizes that he must take a stand.
