

1. Record Nr.	UNISALENT0991003179469707536
Autore	Venit, Marjorie Susan
Titolo	The monumental tombs of ancient Alexandria : the theater of the dead / Marjorie Susan Venit
Pubbl/distr/stampa	Cambridge, U.K. ; New York : Cambridge University Press, 2002
ISBN	0521806593
Descrizione fisica	XV, 267 p. : ill. (a col.), maps ; 29 cm
Disciplina	932
Soggetti	Tombe - Egitto - Alexandria Alexandria (Egitto) Condizioni sociali
Lingua di pubblicazione	Non definito
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Bibliografia: p. 205-259. Indici

2. Record Nr.	UNINA9910695302703321
Titolo	[Finding of no significant impact for the Masten space systems proposal] [[electronic resource]]
Pubbl/distr/stampa	[Washington, DC] : , : Department of Transportation, Federal Aviation Administration, , [2006]
Descrizione fisica	11 pages : digital, PDF file
Soggetti	Reusable space vehicles - California - Mojave
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title supplied by cataloger (viewed on Nov. 2, 2006). Issued August 2006.
3. Record Nr.	UNINA9910966760703321
Titolo	Stem cells and the future of regenerative medicine / / Committee on the Biological and Biomedical Applications of Stem Cell Research, Board on Life Sciences National Research Council, Board on Neuroscience and Behavioral Health, Institute of Medicine
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, c2002
ISBN	9780309170420 0309170427 9780309509749 0309509742
Edizione	[1st ed.]
Descrizione fisica	1 online resource (xv, 94 p.)
Disciplina	571.8/35
Soggetti	Stem cells - Research - Government policy - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 61-65) and index.

Nota di contenuto

""Front Matter""; ""Acknowledgments""; ""Preface""; ""Contents"";
""Executive Summary""; ""CHAPTER ONE Project Overview and Definitions"";
""CHAPTER TWO Adult Stem Cells""; ""CHAPTER THREE Embryonic Stem Cells"";
""CHAPTER FOUR Opportunities for and Barriers to Progress in Stem Cell Research for Regenerative Medicine"";
""CHAPTER FIVE Findings and Recommendations""; ""References"";
""Glossary""; ""APPENDIX A Committee Biographies""; ""APPENDIX B Workshop Agenda and Speaker Biographies""; ""Index""

Sommario/riassunto

Recent scientific breakthroughs, celebrity patient advocates, and conflicting religious beliefs have come together to bring the state of stem cell research—specifically embryonic stem cell research—into the political crosshairs. President Bush's watershed policy statement allows federal funding for embryonic stem cell research but only on a limited number of stem cell lines. Millions of Americans could be affected by the continuing political debate among policymakers and the public. *Stem Cells and the Future of Regenerative Medicine* provides a deeper exploration of the biological, ethical, and funding questions prompted by the therapeutic potential of undifferentiated human cells. In terms accessible to lay readers, the book summarizes what we know about adult and embryonic stem cells and discusses how to go about the transition from mouse studies to research that has therapeutic implications for people. Perhaps most important, *Stem Cells and the Future of Regenerative Medicine* also provides an overview of the moral and ethical problems that arise from the use of embryonic stem cells. This timely book compares the impact of public and private research funding and discusses approaches to appropriate research oversight. Based on the insights of leading scientists, ethicists, and other authorities, the book offers authoritative recommendations regarding the use of existing stem cell lines versus new lines in research, the important role of the federal government in this field of research, and other fundamental issues.
