

1. Record Nr.	UNISALENT0991003241779707536
Autore	Murphy, John, 1934-
Titolo	Additives for plastics handbooks [e-book] / John Murphy
Pubbl/distr/stampa	Kidlington, Oxford, UK ; New York, NY, USA : Elsevier Science Ltd., c2001
ISBN	9781856173704 1856173704
Edizione	[2nd ed.]
Descrizione fisica	xxii, 469 p. : ill. (some col.) ; 24 cm
Disciplina	668.411
Soggetti	Plastics - Additives Electronic books.
Lingua di pubblicazione	Inglese
Formato	Risorsa elettronica
Livello bibliografico	Monografia
Note generali	Includes index
Nota di bibliografia	Includes bibliographical references and index
Nota di contenuto	An overview of additives <P><IT>Overview:</IT> Types and main technical trends -- <IT>Overview:</IT> The world market -- Fillers -- Reinforcements -- Pigments, Dyestuffs, Special Effects -- <IT>Pigments:</IT> Black and White -- Heat Stabilisers -- UV Stabilisers -- Flame Retardant Additives -- Antistatic/ conductive additives -- Curing Systems for Thermosets -- Crosslinking, Coupling, Compatibilising -- Plasticisers -- Blowing Agents -- Process Modifiers and Processing Aids -- Lubricants, Mould release agents, Slip and Anti-block -- Miscellaneous Additives -- Additives for rubber -- Additives and recycling -- Mixing and compounding -- Health and Safety -- Testing and Legislation -- APPENDICES -- Conversion tables -- Glossary of technical terms -- Stand abbreviations for plastics and elastomers -- Trade names -- Selection charts
Sommario/riassunto	Both technically and economically, additives form a large and increasingly significant part of the polymer industry, both plastics and elastomers. Since the first edition of this book was published, there have been wide-ranging developments, covering chemistry and formulation of new and more efficient additive systems and the safer use of additives, both by processors in the factory and, in the wider field, as they affect the general public. <P>This new edition follows the successful formula of its predecessor, it provides a comprehensive view

of all types of additives, concentrating mainly on their technical aspects (chemistry/formulation, structure, function, main applications) with notes on the commercial background of each. The field has been expanded to include any substance that is added to a polymer to improve its use, so including reinforcing materials (such as glass fibre), carbon black and titanium dioxide. <P>This is a book which has been planned for ease of use and the information is presented in a way which is appropriate to the users' needs

Nota di contenuto	Intro; Title; Copyright; Contents; Acknowledgements; Glossary; Contributors; Introduction; Part I. The US alliance and Australia's strategic policy; 1. Wrestling with commitment: Geography, alliance institutions and the ANZUS treaty; 2. The Australia-US alliance in US strategic policy; Part II. Strategic context; 3. The United States in world affairs; 4. ANZUS and Australia's role in world affairs; 5. ANZUS and Australia's Regional Challenges; 6. Economic links between Australia and the United States; Part III. Mechanics of alliance cooperation; 7. US-Australian military cooperation in Asia 8. The alliance as an intelligence partnership9. Interoperability; 10. Capability development and defence research; Part IV. Managing trade-offs; 11. Sovereignty and the US alliance; 12. The alliance, Australia's strategic culture and way of war; 13. Australia and the United States in Asia; Appendix: ANZUS Treaty; Bibliography; Index
Sommario/riassunto	This book is specifically designed as a companion volume to Australia's Defence: Towards a New Era? The Australia-United States Alliance has been critical to Australian foreign and defence policy since the ANZUS Treaty was signed in 1951. For 63 years it has been an enduring

feature of Australian defence planning, yet the contemporary alliance is, arguably, in one of the more important phases of reinterpretation in its long history. While the Alliance by its very nature is a bi-lateral relationship, this book will therefore specifically focus on Australian perspectives and policy choices, while providing context on the role of the United States in the Asia-Pacific and its position as a global power.
