Nota di bibliografia	Includes bibliographical references (p. 241-265) and index.
Nota di contenuto	; 1. The evolution of migration in southern European countries -- ; 2. The choice to migrate -- ; 3. The effects of immigration on the receiving country -- ; 4. The effects of emigration on the country of origin -- ; 5. The effectiveness of migration policies.
Sommario/riassunto	Managing migration promises to be one of the most difficult challenges of the twenty-first century. It will be even more difficult for south European countries, from which emigration has levelled off and to which immigration has become a significant economic issue. Southern Europe is close to other regions where the pressure to emigrate is intense: these regions have a high level of unemployment, above the European Union average, and a large informal sector, often 15-25 per cent of their economies as a whole. This book analyses the southern European migration case using an economic approach. It combines a theoretical and an empirical approach on the fundamental migration issues - the decision to migrate, effects on the country of departure and country of destination, and the effectiveness of policies in managing migration. It also explores the transformation due to migration of southern European countries in the 1980s and 1990s.

Creating Documents for Electronic Publication -- Appendixes -- Glossary -- Index
Sommario/riassunto	The Columbia Guide to Online Style is the standard resource for citing electronic and electronically accessed sources. It is also a critical style guide for creating documents electronically for submission for print or electronic publication. Updated and expanded, this guide now explains how to cite technologies such as Web logs and pod casts; provides more guidance on translating the elements of Columbia Online Style (COS) citations for use with existing print-based formats (such as MLA, APA, and Chicago); and features additional guidelines for producing online and print documents based on new standards of markup language and publication technologies. This edition also includes new bibliographic styles for humanities and scientific projects; examples of footnotes and endnotes for Chicago-style papers; greater detail regarding in-text and parenthetical reference and footnote styles; an

added chapter on how to locate and evaluate sources for research in the electronic age; and new examples for citing full-text or full-image articles from online library databases, along with information on how to credit the source of graphics and multimedia files. Staying ahead of rapidly evolving technologies, The Columbia Guide to Online Style continues to be a vital tool for online researchers.

Nota di contenuto	Ursachen und Erscheinungsformen der Globalisierung -- Akteure und ihre Strategien -- Folgen, Chancen und Risiken der Globalisierung -- Möglichkeiten der nationalen Politiken zur Beeinflussung der Globalisierung -- Modell einer Globalen Wirtschaftsordnung mit den Säulen Globale Sicherheitsarchitektur, Globale Wirtschaftsarchitektur und Globale Sozial- und Umweltarchitektur.
Sommario/riassunto	Die nationalen Grenzen haben ihre wirtschaftliche Bedeutung weitgehend verloren, so dass die internationalen Wirtschaftsbeziehungen von "intraglobalen" Wirtschaftsbeziehungen abgelöst wurden. Professor Eckart Koch analysiert und strukturiert Ursachen und Erscheinungsformen dieser Entwicklung, stellt Akteure und ihre Strategien vor und diskutiert die Folgen der Globalisierung, ihre Chancen und Risiken. Darüber hinaus skizziert der Autor Möglichkeiten der nationalen Politiken zur Beeinflussung der Globalisierung und entwirft das Modell einer globalen Wirtschaftsordnung mit den Säulen Globale Sicherheitsarchitektur,

Globale Wirtschaftsarchitektur und Globale Nachhaltigkeitsarchitektur.
Die zweite Auflage wurde umfassend überarbeitet und
aktualisiert. Dieses Fach- und Lehrbuch richtet sich nicht nur an
Studierende der Wirtschafts-, Sozial- und Politikwissenschaften an
Universitäten, Hochschulen und Berufsakademien, sondern wendet sich
insbesondere auch an Praktiker, Wirtschaftsfachleute, Journalisten und
alle diejenigen, die an den wirtschaftlichen und politischen Kernfragen
unserer Zeit interessiert sind, Wissen und Informationen sinnvoll
strukturieren möchten sowie Anregungen und Argumentationshilfen
suchen. Der Inhalt Ursachen und Erscheinungsformen der
Globalisierung Akteure und ihre Strategien Folgen, Chancen und
Risiken der Globalisierung Möglichkeiten der nationalen Politiken zur
Beeinflussung der Globalisierung Modell einer Globalen
Wirtschaftsordnung mit den Säulen Globale Sicherheitsarchitektur,
Globale Wirtschaftsarchitektur und Globale Nachhaltigkeitsarchitektur
Der Autor Prof. Dr. Eckart Koch lehrt Internationale
Wirtschaftsbeziehungen und Interkulturelles Management an der
Hochschule München und ist als Berater und Gutachter für
internationale Entwicklungsvorhaben – vorwiegend in Asien – tätig.
