Sommario/riassunto	This biography of the musician Franz Liszt contributes to our understanding of national identity formation and its interaction with cosmopolitanism. Liszt exemplified the nineteenth-century quest for subjective definition and fulfillment. Seeking to gain agency, authority, and community, Liszt experimented with various subject positions from which to forward his goals. The stances he selected, anchored in ideas about nation, religion, and art, allowed him to retain his cosmopolitan sensibility while making specific aesthetic and creative claims. Quinn's analysis of Liszt's correspondence and musical criticism, as well as of contemporary reviews of his performances, compositions, and essays, demonstrates the lack of a nationalist exclusivity in Liszt's life was a historical phenomenon rather than a personal quirk as previous scholarship has often claimed.

2. Record Nr.	UNISA996385438703316
Autore	Shields Alexander <1660?-1700.>
Titolo	A letter from Mr Alexander Sheilds [[electronic resource]] : minister to the regiment whereof the late noble Earl of Angus was colonel, now in Flanders: directed to the General Assembly of the Church of Scotland, which was to have met at Edinburgh in December 1693
