Nota di contenuto

Introduction -- Responding to conflict -- Peace, military doctrine and peace operations -- Somalia: collapsed state, complexity and muddled rescue -- Bougainville: from crisis to concord -- A comparative analysis -- A restorative architecture for peace operations -- Conclusion.

Sommario/riassunto

This sharp study makes for evocative reading as it introduces the new concept of regeneration as key to any restoratively arranged peace operation. Military, police, NGO and civilian peacekeeper practitioners, as well as academic theorists, can use this unique work to produce better and more lasting results for conflict ridden communities.
