

1. Record Nr.	UNISALENTO991003955269707536
Autore	Society of General Physiologists.Symposium <44th ; 1990 ; Woods Hole, MA>
Titolo	The sodium pump : recent developments / edited by Jack H. Kaplan and Paul De Weer
Pubbl/distr/stampa	New York : Rockefeller University Press, c1991
ISBN	0874700493
Descrizione fisica	xv, 663 p. : ill. ; 26 cm
Collana	Society of General Physiologists series ; 46 pt. 2
Altri autori (Persone)	Kaplan, Jack H. De Weer, Paul
Altri autori (Enti)	International Sodium Pump Meeting <6th ; 1990 ; Marine Biological Laboratory, Woods Hole, Mass.>
Disciplina	574.875
Soggetti	Sodium/potassium ATPase - Congresses Sodium pump - Animal physiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Contains condensed papers presented in poster form at the Woods Hole symposium [i.e. 6th International Sodium Pump Meeting, held 5-9 September 1990 at the Marine Biological Laboratory in Woods Hole, Massachusetts, as the 44th Annual Meeting of the Society of General Physiologists]--Pref A companion vol. to: "The sodium pump : structure, mechanism, and regulation"
Nota di bibliografia	Includes bibliographical references and index
