P. c.1862–1890; Carol Beardmore -- Chapter Seven: The Family and Insanity: The Experience of the Garlands Asylum, 1862-1910; Cara

Dobbing -- Chapter Eight: Conceptualising the 'Perfect' Family in Late-Nineteenth-Century Philanthropic Institutions; Steven Taylor -- Part Three: Reconstituting the Family -- Chapter Nine: Negotiating the Blending of Families: Tension and Affection between Step-Parents and Children in Early Modern England, 1470-1640; Maria Cannon -- Chapter Ten: Family Beyond the Household: Constituting and Reconstituting as Kin; Iain Riddell -- Chapter Eleven: Configuring and Re-Configuring Families in Nineteenth-Century England; Steven King.

Sommario/riassunto

This book explores the ways that families were formed and re-formed, and held together and fractured, in Britain from the sixteenth to twentieth century. The chapters build upon the argument, developed in the 1990s and 2000s, that the nuclear family form, the bedrock of understandings of the structure and function of family and kinship units, provides a wholly inadequate lens through which to view the British family. Instead the volume's contributors point to families and households with porous boundaries, an endless capacity to reconstitute themselves, and an essential fluidity to both the form of families, and the family and kinship relationships that stood in the background. This book offers a re-reading, and reconsideration of the existing pillars of family history in Britain. It examines areas such as: Scottish kinship patterns, work patterns of kin in Post Office families, stepfamily relations, the role of family in managing lunatic patients, and the fluidity associated with a range of professional families in the nineteenth century. Chapter 8 of this book is available open access under a CC BY 4.0 license at link.springer.com.
