Transference: its Provocation by the Analyst; 9. Time and the Other 10. Notes on Afterwardsness Select Bibliography; Index
Sommario/riassunto	Since the death of Jacques Lacan, Jean Laplanche is now considered to be one of the worlds foremost psychoanalytic thinkers. In spite of the influence of his work over the last thirty years, remarkably little has been available in English. Essays On Otherness presents for the first time in English many of Laplanche's key essays and is the first book to provide an overview of his thinking. It offers an introduction to many of the key themes that characterise his work: seduction, persecution, revelation, masochism, transference and mourning. Such themes have been increasingly both in psychoanaly
