Sommario/riassunto	Sergei Kovalyov is a central figure in the struggle for human rights in Russia. He was a leading Soviet biology academic and, in the 1970s after becoming active in dissident circles, was arrested by the KGB, tried, imprisoned and subjected to internal exile. After his release, he continued to work for human rights, eventually becoming chairman of the Soviet Human Rights Committee and chairman of the Presidential Human Rights Commission, in which positions he was extremely influential in framing human rights provisions in post-Communist Russia. He subsequently took President Yeltsin to task for

Sommario/riassunto

The vast majority of the world's working women, particularly those from low-income households in developing countries, are located in the informal economy in activities that are casual, poorly paid, irregular and outside the remit of formal social security and protective legislation. This book examines the constraints and barriers which continue to confine women to these forms of work and what this implies for their ability to provide for themselves and their families and to cope with insecurity. It develops a framework of analysis that integrates gender, life course and livel
