Sommario/riassunto

You've discovered that you or someone you care about is pregnant. After that initial rush of excitement, you start to have a lot of questions. Is the baby healthy? Is he or she growing well? From the moment a woman suspects that she is pregnant, the testing begins, and so do the questions. Can she trust the home pregnancy test kits? When is it time to go to the doctor or midwife? After coming to terms with the fact that pregnancy has occurred, the next step is often to worry about whether everything is progressing normally. With this book, expectant parents will find a clear timeline and explan
