| Sommario/riassunto | Les memoires territoriales sont physiques et se vivent sur l'ecorce terrestre souvent malmenee par l'homme. Elles sont les images des vestiges civilisationnels, des cultures, des structures institutionnelles que nos societes ancrent dans les sols et avec lesquelles nous composons pour produire nos memoires individuelles, collectives et societales. Ce livre dit l'importance de ces territoires avec lesquels nous |

vivons, par lesquels nous nous exprimons et nous affirmons une appartenance societale pour eviter de reproduire des erreurs trop souvent commises.
